

Product Disposition Options

Chute - Please select **1 option only**

CHUTE #1 - Scan and Dispose 20 Cents/Piece

Product will be scanned and disposed or of destroyed. The reduced charge reflects a rebate to the reclamation center for the proceeds of salvage recovery. All frozen and refrigerated dairy items will be billed at this rate if the supplier does not request product review.

CHUTE #2 - Scan and Donate 25 Cents/Piece

Product will be scanned and re-boxed for immediate donation to the Food Bank. Non-usable product will be disposed of.

CHUTE #3 - Scan and Hold for Vendor Review 30 Cents/Piece

Product will be scanned, sorted by manufacturer, and held for review. Review must be within three weeks of the billing date. The vendor is responsible to remove the product from our facility at the time of review.

CHUTE #4 - Scan and Hold for Third Party Review 33 Cents/Pieces

This is the same process as chute #3, except a third party will review the merchandise. Experience shows that third party review requires more of our manager's time and uses more space for checking, hence the higher up-charge.

CHUTE #5 - Scan and Hold for Vendor Review, then Dump 38 Cents/Piece

This is the same process as chute #3, except that the product would go into the compactor and then to a landfill. This is very expensive and getting worse every day. Also, it is not environmentally friendly. We discourage the choice of chute #5.

Chute #6 - Scan and Ship back to Manufacturer 40 Cents/Piece

Product will be scanned, sorted by manufacturer, and shipped back to the vendor freight collect.

The chute option can be changed on written request. Based on the timing of a request, it may take up 30 days to implement. **It is the vendors responsibility to make arrangements for freight returns in a timely manner.**

Mark an "X" in the box next to your choice of chute.
